

## GOV. McDONALD IS AT INDIAN DANCE

Accompanies Scientists to Installation of a Pueblo Governor.

Santa Fe, N. M., Jan. 25.—Governor McDonald attended the inauguration of Juan Reyes Martinez as governor of the Indian pueblo of Tlaxiaco, 15 miles north of Santa Fe, which was celebrated with the annual buffalo dance. The pueblo republics are the oldest in the world, and from time immemorial each pueblo has been choosing its governor and other officers annually. While not recognized by the state laws yet the pueblos have not been molested in their self government. Governor McDonald was accompanied by Mrs. McDonald and Miss McDonald and also a party of scientists of the school of American archaeology, who made photographs and other records of the dance. Kari Fletcher, the artist of the school, made pictures of the ceremonies.

The buffalo dance is observed now just as it was before the days of Columbus, the dance being of heathen origin, although the pueblos are nominally Christians. At dawn the bucks disguised as buffalo, deer, antelope and elk, wend their way in single file from the mountains, through a gap in the hills into the pueblo. They utter unearthly calls as they proceed to the plaza to join the squares in the dances to the music of a chorus of voices and the beat of the great cottonwood drums. The Indians claim that not the slightest change has taken place in the dance for a thousand years and that some of the masks and costumes used are hundreds of years old. The dance is known as the Kooing-sha-ra and beseeches the sun god to grant a year of plenty in game and corn.

## WOODMEN EXPECT INCREASED RATES

Fight Is Being Made on the Proposition in Convention.

Chicago, Ill., Jan. 25.—Delegates to the convention of the Modern Woodmen of America who oppose the revision upward of the organization's insurance rates planned to open their fight on the floor late yesterday. J. L. Sundeen, of Minneapolis, was scheduled to make the first address in behalf of the "insurgent" faction.

Officials of the organization, including those who favor raising the rates, concluded their addresses to the meeting yesterday. James E. Ryan, of the actuarial offices in Rock Island, Ill., said:

"If we go on at the present rate of insurance, at the end of 1914 we will find ourselves with more than \$500,000,000 insurance in force and we will be unable to care for more than \$275,000,000 of our contracts."

## LEVEE BOND ISSUE WILL BE DISCUSSED

Taxpayers of El Paso city and county will meet in the 25th district court room tonight to discuss the proposed \$200,000 issue of road bonds for the purpose of constructing a levee along the river to protect the lands from overflow during the flood season.

Upon the consensus of opinion as expressed at this meeting will depend the decision of the county judge and county commissioners as to whether or not an election will be called to decide the question.

Opinions in favor of the measure and those opposed to it will be secured and should there be a decided sentiment in opposition to the proposition, no election will be called for.

## 100,000 PEOPLE

Will Read The Saturday Herald. On Saturday, January 27, The Herald will issue its regular Annual Review of the Southwest, of 20,000 papers, and there will be 10,000 printed and distributed. All advertising in received on the guarantee of \$5,000. The Herald prints and distributes the number of papers it agrees to distribute, does not try to obtain business on false representations by sending out irresponsible solicitors who promise 5,000 or 20,000, or more, as the occasion demands, and then prints and distributes only 5,000. There will be enough Herald's printed and distributed Saturday so that every person in El Paso and within a radius of 200 miles of El Paso can have one. One hundred thousand people will read it.

TELEPHONE COMPLAINTS EARLY. Subscribers failing to get The Herald promptly should call at the office or telephone No. 1030 before 6:30 p. m. All complaints will receive prompt attention.

Why She Weiled. An old woman, red nosed and in rags, stood in front of a pawnshop that was burning down. The flames threw weird lights on her, and she cried and wrung her hands piteously.

"What is the matter with you?" a fireman asked. "You don't own the shop, do you?"

"No," she weiled. "But my old man's Sunday suit is up that spout, and he don't suit it."

"What then," asked the professor, "is the exact difference between logic and sophistry?"

"Well," replied the bright student, "if you're engaged in a controversy it's just the difference between your line of argument and the other fellow's."—Philadelphia Press.

## S.S.S. RIDES THE SYSTEM OF CATARRH

Catarrh is a blood disease which causes a general inflammation of the inner linings or mucous membranes of the body. The diseased of these delicate surfaces and tissues produces all the well known symptoms of the trouble, such as ringing noises in the head and ears, tight, stuffy feeling in the nose, pains above the eyes, irritation of the throat, sometimes slight fever, and a general feeling of weakness and ill health. Even the lungs become affected by the continual passage of impure blood through them, and there is danger of consumption if the disease is allowed to remain in the system. S. S. S. cures Catarrh because it purifies the blood. It goes into the circulation and removes every particle of the catarrhal matter, making this vital fluid pure, rich and healthy. Then the inflamed membranes begin to heal, every symptom disappears, the constitution is built up and health restored. S. S. S. rides the system of catarrh by attacking the trouble at its head and entirely removing the cause from the blood, thus making a permanent and lasting cure. S. S. S. is made entirely from health-giving roots, herbs and barks, and for this reason is an especially safe and desirable medicine. Book on Catarrh and any medical advice free to all who write.

## DEMING AND MIMBRES VALLEY

RAINFALL IN DEMING DURING THE YEAR IS 15.10 INCHES; FIVE INCHES OF SNOW FALLS DURING MONTH OF FEBRUARY

Deming, N. M., Jan. 26.—The annual meteorological summary of the Deming station for 1911 has been completed, features of which are as follows:

The year showed 15.10 inches of rainfall at Deming, 5.40 inches above the normal rainfall. The mean temperature for the several months of the year ranged from 33.4 degrees to 78.6 degrees Fahrenheit, the month of lowest mean temperature being December, the highest mean temperature being July. The highest temperature of the year was reached in the month of August, 104, and the lowest in December, 29. There was five inches of snowfall in February, which is quite an unusual phenomenon. There was a total of 46 days with precipitation: 35 cloudy days, 102 partly cloudy and 167 clear. The date of the last killing frost was March 12, and of the first killing frost, October 22. The prevailing wind is from the west. No record is available giving wind velocity. These observations were made by the S. P. agent at the station in Deming.

Fred D. Jack, United States Immigration Inspector, and Mrs. Laura D. Martin, of Deming, were married in the Baptist church at five o'clock Thursday afternoon, Rev. E. A. Boyd officiating. The wedding was private, and the following guests were present: Mrs. Belle Deltar, mother of the bride; master Carl Martin, Dr. and Mrs. Geo. D. Martin, Mr. and Mrs. Edgar Hepp, Mr. and Mrs. Clarence Han, Mrs. Hugh H. Williams and Mrs. Nellie Guiney. The bride and groom and guests remained immediately after the ceremony in the home of the bride's mother, Mrs. Deltar, where a supper was served. Mr. and Mrs. Jack left Deming on the 6:35 train.

The Deming office of the El Paso Herald is in the Chamber of Commerce, Roy Bedichek is agent and correspondent.

The Herald's distributor in Deming is C. C. Rogers, room 1, Decker building, telephone 212. The Herald will be delivered to all parts of the city same night of publication, at 50 cents per month.

Thursday evening for El Paso. From El Paso they will go for a short wedding trip before returning to Deming. A. M. Skinner, of Sotero, N. M., passed through Deming Thursday en route to Tucson, where he goes to engage in business.

Rapids, Mich., Thursday, to attend the severe illness of a relative. R. C. Taylor, of Albuquerque, is here to take charge of the Harvey house. A. M. Skinner, of Sotero, N. M., passed through Deming Thursday en route to Tucson, where he goes to engage in business.

M. M. Dunston, who has been prospecting for the past several months on the Pacific coast, has returned to Deming to stay. He states that he did not see on his whole trip any section where there were so many opportunities for advancement and making money as in Deming.

Forest McKinley, of Las Cruces, N. M., is in Deming today on business.

C. L. Doty, of Spencer, Ia., is in Deming on a prospecting trip.

F. E. Fanger, of New York City, is here looking for a location.

H. S. Brann and family, of Swift, Ark., has moved here to live.

A. M. Hon, of Houston, Texas, is here visiting his cousin, Leroy Hon.

Backsliders Have a Chance

Minister Says They Must Get Further Away From the Getting-in Place.

The attendance upon the revival services at the Westminster Presbyterian church last night was even larger than heretofore, and Rev. John E. Abbott preached to them on the text, "I will heal their backsliding," Hosea 14:4. "No sane man," said the pastor, "can deny that there is such a thing as backsliding. But by backsliding we do not mean that the Christian who wanders away in a final apostasy and is lost. If the decrees of election are immutable, if Christ's work is effective, if He is our high priest, if the Holy Spirit is the pledge of salvation, then those whom God has saved can never become unsaved. But many Christians backslide, and in proportion as they backslide, their hope and assurance is obscured.

"People backslide because they live contented lives and do not want to progress. The little boy accounted for his falling out of bed by saying, 'I fell out 'cause I slept too close to the gettin' in place.' You Christians have not got far enough from the getting in place.

But the backslider must return—step by step and with true penitence. He must ask for cleansing, he must promise new obedience. Then God will heal and love him and pour out the dew of His grace upon him. He will obliterate the old scar and restore the old strength and joy in fullest measure."

## Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete, nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Anna Kounz, 211 Mechanic St., Pueblo, Colo., says:

"For many years I suffered from nervous prostration; I was unable to do any house work and doctors failed to help me. Remedies I tried from druggists did not do me a particle of good. A neighbor told my husband about

Dr. Miles' Nervine

and he procured a bottle. After the first few doses I showed a marked improvement and after taking two bottles I was entirely cured. I have been perfectly well for years and cannot praise Dr. Miles' Nervine too highly."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep; if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nervine

has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.
